A ONE DAY EXPERIENTIAL WORKSHOP

GROUNDING AND CLEARING THROUGH THE OUTER LEVELS OF THE HUMAN ENERGY FIELD

Outside the seven layers of the human energy field lie additional sets of chakras and energy layers, each with their own distinct properties and energetic connections to us as individuals as well as to the Universe. Tricia Eldridge has rediscovered these Outer Levels and corresponding chakras and in doing so has been able to access the tools, techniques and information stored there. In this workshop you will view the fields as Tricia sees them, learn the Outer Level chakra locations and discover their individual properties. You will be led through the breathing exercise, learning to sense and clear energy blocks using the same healing energies from chakras 8 -14 that Tricia uses in her EnergyTouch® work. The Outer Levels, begin with level eight, a beautiful crystalline level which acts as our amplifier on the Outer Levels. When this level is cleared, it provides a clearer, stronger connection to Guidance. Conversely, if this level remains blocked, our thoughts and desires are blocked as well. Level ten is a karmic level. Here past events, both light and dark, accumulate and await our attention. Level twelve is the level of the Masters. Your Guide and guardians reside here and watch over your earthly journey. Level fourteen is the level of Universal knowledge. All that is, was, or will be is found here.

Understanding and practicing this ancient form of energy breathing will enable you to expand your energy field into the Outer Levels, clearing the way for healing energies to enter your physical world.

Dolphin Breath® will remove blocked energies, create clarity within yourself and allow space for a stronger, clearer connection with your Guidance.
